DISCOVER THE TREASURES IN YOUR TEAM

- ✘ Do you want to make better use of the talents in your team?
- ✘ Do you want to optimise communication and teamwork?
- ✘ Do you want to improve customer satisfaction?
- ✘ Do you want to have fun and concrete results?

COME TO TREASURE ISLAND!

TREASURE YOUR PEOPLE

Treasure Island is convinced that there are treasures to be found in every team and in every person. Our experience is that it is more effective to focus on talents than to focus on problems. Our fresh approach and stimulating locations help you to bring out the best in your team. Our team building is both beneficial and fun.

WHAT DO WE OFFER?

- ✗ Team building to improve team work and results.
- ✗ Team training to develop skills in communication, management, consultancy and customer service.
- ✗ Off-sites to work on achieving team goals, making use of all talents available.

UNIQUE DUTCH ISLANDS

Treasure Island has two unique locations in the heart of Holland, both 30' away from Schiphol. You will board a boat that takes you to one of our Treasure Islands. Either you arrive at a very Dutch organic cheesefarm with fifty cows near Leiden. Or you explore a late 19th century fortress situated in the sea, once built to defend the city of Amsterdam. At the fortress in IJmuiden you can take a more active approach to team building. We also organise our programs at a location of your choice.

WHAT CAN YOU EXPECT?

Treasure Island uses dynamic, interactive training methods that help people gain insight into the qualities of the team. You might view a film that features your customer feedback. You might play a game that focuses on dealing with different interests. Or you might find yourself climbing through a spider web, discovering your colleagues' social styles. The theory we use is brief and practical. Where possible, we go outside. The team has a great day together and leaves the island with concrete commitments.

OUR PROGRAMS

Our most popular programs are:

- ✗ Team building at Treasure Island - to enhance team work and communication.
- ✗ True Colours – to discover the talents in your team (including an on-line questionnaire).
- ✗ Client-focused Team work – to increase customer satisfaction together.

Visit us at www.schateiland.com to find out more about these, and other, programs.

We work with you to create a program that fits the goals and context of your team.

THE TRAINERS
